FLOW FORM BY GIOVANNA

Utilizing the latest forge-hybrid, flow-forming technology, Giovanna FF (Flow Form) wheels are 20-30% stronger and lighter than other cast wheels. The Flow Form manufacturing process maintains the integrity of the design, while improving the grain structure of the aluminum, creating a stronger, lighter and thinner barrel. The superb squeeze forging capability stretches the inner or outer portion of the wheel, resulting in a wider range of widths. Giovanna's new FF Series Wheels feature precision details and a chrome, stainless steel, lip.

20", 22"

Available Widths:
FRONT - 8", 8.5", 9", 9.5", 10"
REAR - 8.5", 9", 9.5", 10", 10.5", 11", 11.5", 12"

24"

Available Widths:
9", 9.5", 10", 10.5", 11", 11.5", 12"
